

Y7 Home Learning ICT

Throughout this project you will be completing the tasks on the 'Topic 1 – Using ICT Safely' workbook shared with you on OneDrive. All the tasks are explained for you in the booklet.

Stick to your timetable – each week you should complete two tasks from the workbook as outlined in the plan below, none of the tasks should take more than one lesson.

If you need help on any of the tasks email your class teacher and once you have completed it email the workbook to them.

Home Learning Week	Extended Learning Project – Electronic World Topic 1 – Using ICT Safely	Student to tick when complete
<p>1 Week Beginning 23rd March</p>	<p>ICT Extended learning project – Electronic World</p> <ol style="list-style-type: none"> 1.— What are the advantages of using e-mail compared to the regular postal system?
