

4thth June 2020

Dear Parents and Carers

Re: Year 10 Timetable

Thank you for completing the online questionnaire and confirming that XXXX will be returning to the academy in the coming weeks. Below we have identified the dates and times that XXXX will need to attend:

Timetable Information

It is important that all students arrive to the academy no more than five minutes before their allocated time and leave once their session is completed. When travelling to and from the academy, we expect students to follow the social distancing expectations that the government have outlined. Any student who fails to do this could potentially be sent home from the academy.

Once on the academy grounds, we have clear rules and expectations in place to ensure all students and staff are safe. I have included a short video which will highlight the procedures that students and staff will need to adhere to. Unfortunately, any students not meeting our health and safety expectations will be removed from learning and sent home from the academy.

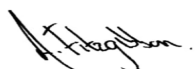

Video Link

Students will not be required to wear their school uniform to support the immediate washing of clothing, however, it is important that they are appropriately dressed for learning. The usual expectations regarding hair colour, piercings, caps/hats etc. will all still apply. If you have any further questions on pastoral matters, please contact Mrs Smith or Mr Roberts over the coming days.

As mentioned previously, 'Home Learning' will be continuing throughout this period and it is extremely important that all students continue to engage in this. If you have any queries about the work, please email the teacher directly and they will be back in touch.

This is without doubt, a big step for us all but I'm confident that we have made the right adjustments and changes to ensure the provision provides a safe and supportive environment from your son/daughter. You have my full assurances that we have left no stone unturned in preparing for their return and we are looking forward to welcoming the cohort back to the academy – we have missed them!

Yours sincerely

Mr A. Fitzgibbon

Principal
